

Basic Facilitator

Instructor: Rae Forseth

Upon completion of this training, participants will be able to:

- Assess the role of the facilitator, identifying factors that contribute to a success group outcome.
- Assess and value the importance of group facilitation
- Analyze facilitation experiences comparing successful & problematic group experiences.
- Distinguish the curative factors and communication skills associated with groups.
- Relate the process of communication and facilitative listening skills to current group activities and design appropriate responses to manage group interactions.
- Examine the five stages of “Group Development” and distinguish techniques for moving the groups through them
- Examine the six stages of “Individual Development” and evaluate the relevancy to the process of change.
- Create an atmosphere for change
